

#	Bachelor programmes at htw saar after the Prep-For-Study T-course	Faculty / Institute
1	Architecture	Architecture and Civil Engineering
2	Civil Engineering	Architecture and Civil Engineering
3	Renewable Energies and Systems Engineering	Engineering Sciences
4	Digital Business and IT	Engineering Sciences
5	Electrical Engineering and Information Technology	Engineering Sciences
6	Renewable Energies and Systems Engineering	Engineering Sciences
7	Automotive Engineering	Engineering Sciences
8	Communications Informatics	Engineering Sciences
9	Mechanical Engineering/Process Engineering	Engineering Sciences
10	Mechatronics/Sensor Technology	Engineering Sciences
11	Practical Computer Science	Engineering Sciences
12	Production informatics	Engineering Sciences
13	Environmental Engineering	Engineering Sciences
14	Industrial Engineering	Economics
15	Electrical Engineering - Renewable Energies and Systems Engineering*	DFHI
16	European Construction Management*	DFHI
17	Computer Science and Web Engineering*	DFHI
18	Mechanical Engineering*	DFHI
19	Integrated sustainable building technology**	ASW
20	Mechanical Engineering - Production Engineering**	ASW
21	Business Informatics**	ASW
22	Industrial Engineering - Production Management**	ASW

*In German and French, alternating studies in Germany and France. Students spend half their study time in Germany and half their time in France. For the time spent at the partner university in France, they will receive €350 per month, i.e. €1,750 per semester and €3,500 per year.

** In German, dual-study: during the 3 years of study for a bachelor's degree, students are paid by the company where they spend half their study time. Students must be recruited by the partner company and sign a contract with the company.
